

The Hobo Railroad Trains all leave from the Hobo Junction Train Station on Rt 112 in Lincoln, NH. All trains leave "on the hour" and depart for the Jack O' Lantern Golf Resort, where the Hobo tracks travel directly down the middle of the famed golf course.

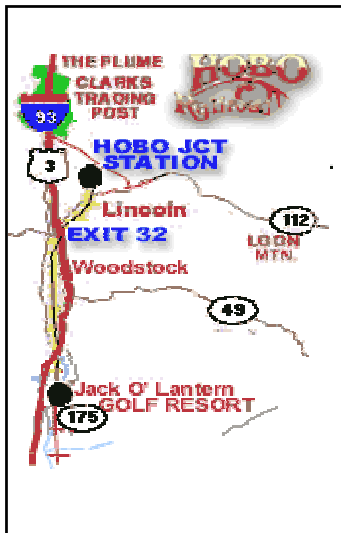

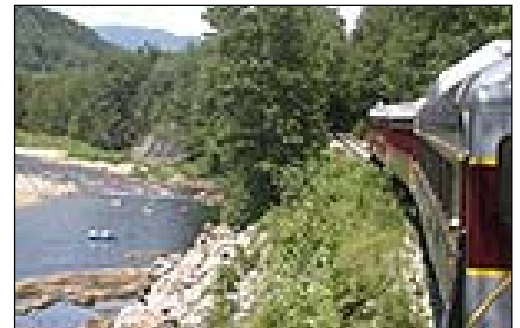

While you are there, waiting to return, you can see from the coaches a small covered bridge and a sizable part of the golf resort.

We stay in our seats as there is not a station here. The conductor then leads the train back to Lincoln while you enjoy one of Hobo's many food options or a complimentary beverage.

We then cross the river, on several trestles, and follow the "East Branch" back to the Hobo Jct.

The round trip should take one hour and twenty minutes or so to complete the journey. Food and items are sold in the coaches. Ice Cream also! Upon your return you are invited to tour the Hobo Gift Shop.

Hope you can come back and ride with us again!
